

An Important Notice to Customers Who Rely On Electrically Operated Private Wells for Drinking Water

If your home or business depends on an electrically operated private well for drinking water, please let us know by filling out the form on the back of this insert and mailing it along with your payment.

Based on responses to this insert, Jersey Central Power & Light (JCP&L) will compile a list of customers. The list will be used during a power outage to contact these customers by telephone if the outage may affect their electric service for more than 24 hours. JCP&L also will inform these customers where they may be able to pick up free water and ice.

There is no charge for this service.

In addition, the list will be provided to county and municipal Offices of Emergency Management.

Customers enrolled in an online or automatic payment plan should complete the form on the back of this insert, and mail it to:

JCP&L Private Well Customer Service
PO Box 1911
300 Madison Ave
Morristown, NJ 07962-1911

To find a copy of this insert online, go to www.firstenergycorp.com and click on the following: Customer Care, See Bill Inserts, Jersey Central Power & Light Bill Inserts, April 2003, Private Well. Print the insert, fill out the form, and send it to the address above.

As the spring thunderstorm season approaches, you may also want to consider having supplies of bottled water on hand.

If you have any questions about our Private Well Customer Service, please call 1-800-662-3115.

To sign up for JCP&L's Private Well Customer Service, please complete this form, sign it, and return it with your monthly electric bill payment.
